

Agenda “BioNordics - NGS Network - Get Together!”

BioNordika invites you to the NGS Nordic Event.

Date: June 10th

Time: 1:00 PM to 3:30 PM CET

Location: GoToWebinar (see your confirmation mail)

Speakers:

Time: 1:00 pm to 1:30 pm

Title: ***“Single-cell Epigenomics and Transcriptomics of Oligodendroglia during Neural Development and in Multiple Sclerosis.”***

Dr. Gonçalo Castelo-Branco, Associate Professor of Neurobiology, Department of Medical Biochemistry and Biophysics, Karolinska Institutet, Stockholm, Sweden

Time: 1:30 pm to 2:00 pm

Title: ***“Semi-automated genomics projects on degraded sample material; 5000 ancient human genomes.”***

Dr. Lasse Vinner, Head of lab, GeoGenetics Sequencing Core, Globe Institute, University of Copenhagen, Denmark

Time: 2:00 pm to 2:30 pm

Title: ***“Genome-wide sequencing methods to study transcription factor crosstalk.”***

Dr. Ville Paakinaho, Postdoctoral Researcher, Institute of Biomedicine, University of Eastern Finland, Finland

Time: 2:30 pm to 3:00 pm

Title: ***“Genomic overview of SARS-CoV-2 in Denmark.”***

Dr. Morten Rasmussen, Senior Scientist, Department of Virus and Microbiological Special Diagnostics, Statens Serum Institute, Copenhagen, Denmark

Time: 3:00 pm to 3:30 pm

Title: ***“Improving multiplex targeted amplicon sequencing of SARS-CoV-2.”***

Dr. Lynne Apone, Principal Development Scientist, New England Biolabs
